

This comment is regarding the possibility of losing K-LOVE as a local radio station in our community. We feel that displacing K-LOVE by a LPFM broadcaster providing other programming would negatively effect this community. As you are well aware of, there is a broad spectrum of what we hear on the radio today. We have listened to K-LOVE for the past 3 years and have heard only positive, inspirational music as well as comments and news. We are surrounded by ads with negative messages everywhere. I can't explain how imperative it is to have a positive station, such as K-LOVE on the air in this community broadcasting messages of love and hope.
